The many friends of Rev. J. E. Foster will be glad to know that he is recovering from his recent severe illness.

If the wind would let up some of us long, lank, bandershanks might go fishing just to break the monotony of the dull days around town.

Next Monday is salesday and some valuable real estate will be offered for sale by Clerk of Court Boggs.

Hon. Julius E. Boggs, of Pickens, ex-solicitor of the Tenth circuit, was here Wednesday and Thursday in attendance upon the spring session of Piedmont Presbytery. Mr. Boggs is a great power on the floor of Presbytery when it comes to debating on any issue. He is one of the best orators in the State. Mr. Boggs resembles Woodrow Wilson so much that a Washington lady a few weeks ago mistook him for the president. He wants Chicora College to remain at Greenville.

Almo Chapman, of Liberty, spent a few hours in Pickens last Friday.

Miss Nannie Porter was the week-end guest of Miss Nettie Ellison, of Easley.

Mrs. J. T. Taylor and Mr. and Mrs. Ernest Folger were in Greenville last Thursday.

Mountain Philosophy.

The Burnsville (N. C.) Eagle.

You ride through a country along a good road, and you are struck by the evidence of thrift and prosperity. You see nice houses and barns, and fences, all looking fresh and new-painted up. You say: "Of course a community as prosperous as this can build good roads." You are mistaken. The good roads made that community prosperous.

Labor-Saving Cole Planters and Distributors THAT EVERY FARMER NEEDS

Every farmer in this section should own one of these Cole Planters and Distributors. They positively pay for themselves after a few days in the field. The planter plants better and cheaper than any other planter ever built. The distributor makes one trip do for two—doubles the good from guano. Cole Planters and Distributors are the "Farmer's Friend." They were "born and raised" on a North Carolina farm.

The Cole Planter

SAVES Labor of 1 Man and Mule Seed

Plants Cotton, Corn, Peas, Beans, and other Seed.

At one trip the Cole Planter smooths the bed, opens a furrow, mixes guano with the soil, covers it, opens again, plants the seed and covers them in the most accurate manner. The guano being mixed with the soil directly underneath, feeds the plants as soon as the seed sprout.

The Cole Distributor

Opens a Furrow and Sows Guano at One Trip

Very Useful for Side-Dressing Crops.

It'll save the work of one man and mule every planting day. Especially good for side-dressing—can be run right up alongside plant.

Strongly made through, large hopper, strong plow wheel with steel spokes. Convenient lever, cuts off flow of guano. Has the reliable Cole force feed, instead of a bicycle. Swivel rod holds distributor rigid while you fill the hopper.

Other Styles of Planters and Distributors to Meet Every Need

Besides these machines we have the Universal Single Foot (either force feed or Knocker), Universal Double Foot Knocker, and other styles suited to different uses. Discard your old out-of-date trouble making planter or distributor, hitch up to one of these labor saving Cols! Come and see them now.

Guaranteed By Us and By The Cole Mfg. Co.

The Cole is doubly guaranteed. The maker guarantees it. We guarantee it. Every machine must prove a practical daily working success in your field, no matter if the soil is rough or smooth, level or hilly, with crooked rows or straight.

They are made as good as money and brains can make them—sold at a fair price to everybody. Come and see these machines, let ready for planting time.
